

Carlenea Seeley

Master Control Operator

I am the master Control Operator for COTV-11. What that means is that I schedule the local programming you enjoy on BendBroadband's channel 11. I also monitor the quality and accuracy of the on-air programming, troubleshooting, and prepare programming for playback. I also direct the live Bend and Redmond City Council meetings.

I was born in Ohio but I love living in central Oregon! I love the outdoors and hike the trails whenever I can.

Fun Fact: I bring tasty baked goods to the weekly department meetings. (I'm all about job security!)
